## CERTIFICATE OF CONFORMITY

Applicant:	S.C. ARSAT INDUSTRIE S.R.L., str. 601, no. 53, 317235, Pecica, Arad, Romania	
Manufacturer:	S.C. ARSAT INDUSTRIE S.R.L., str. 601, no. 53, 317235, Pecica, Arad, Romania	
Product:	Astreea Charger	
Model:	ACS111 (22KW) <input type="checkbox"/>	ACS121 (2 x 22 KW) <input type="checkbox"/>
In compliance with:	SR EN ISO / IEC 17067 SE EN IEC 61851-1:2019 Low voltage directive 2014/35/EU	
Rated Input Voltage:	3x400Vac	
Power system:	TN-S (L1, L2, L3, N, PE)	
Rated frequency:	50 Hz	
Max. Input Current:	32 A	
User Selectable:	10, 16, 20, 25, 32 A	
Max. Output Power:	22 KW	
Protection class:	IP 54	
Output Connection:	Type 2 charging socket <input type="checkbox"/>	Type 2 charging cable <input type="checkbox"/>
Operation Temp.:	-30°C to 50° C	
Humidity:	5% - 95% without condensation	
Mechanical Protection:	IK10	
Enclosure:	metallic, electrostatically painted, with plastic cover	
Electrical Protection:	External Type A RCBO required, overcurrent, overvoltage, undervoltage, ground fault including DC residual current protection, external surge protection	
Status indication:	Dynamic RGBW led fully configurable	
Protocols:	OCPP1.6, ModBus TCP. Wi-Fi	
Software:	Apple IOS and Android mobile device app, cloud support	
Dimensions (HxD):	1091.5mm x Ø114mm / 42.97in x Ø4.48in	
Base Diameter:	Ø174mm / Ø0.685in	

ARSAT INDUSTRIE declares that the electrical charger complies with all the characteristics described above.

This document serves as a 1 year warranty for the above product.

This document is valid without signature.
